

Twin Flame Daily Journal

This journal is designed for twin flames and divine counterparts that are looking for guidance and clarity in terms of their connection. The idea is that you print the following pages and use the spreads for a daily check-in with your person.

For the Union Energies spread I recommend you use either tarot or oracle cards - my printable [Twin Flame Journey Oracle](#) is a good fit for this spread!

For the Messages From Your Person spread you can use message cards such as my Love Notes cards, or similar decks.

My Love Notes deck exists as a printable digital download version that you can get here: www.etsy.com/se-en/listing/741375433/

and a "real print deck" version that you can purchase on the MakePlayingCards website: www.makeplayingcards.com/sell/tarotbykarin

I hope you will enjoy working with this journal and that it will provide you with the guidance you are looking for! I love seeing how my products are used out in the world so feel free to tag me if you post about it on Instagram or elsewhere! I have two Instagram accounts: [instagram.com/divine_soul_connections](https://www.instagram.com/divine_soul_connections) and [instagram.com/tarotbykarin](https://www.instagram.com/tarotbykarin)

If you have any further questions or would like to book a reading with me, you can contact me at hello@tarotbykarin.com or visit my website <https://tarotbykarin.com/>.
